

INDIAN WELLS VALLEY GROUNDWATER AUTHORITY (WVGA)

COMMUNITY WORKSHOP – April 26, 2017 at 5:30PM

To: Indian Wells valley Community Members

From: Dale Schafer, DWR Facilitator

The purpose of this community workshop specifically is to provide an opportunity for community members to give input to the IWVGA Board on “Article 5 Committees” of the IWVGA By-Laws, and more broadly to improve communication among community members and IWVGA board members. Two advisory committees that have been proposed in Article 5 are the Policy Advisory Committee (PAC) and the Technical Advisory Committee (TAC). The subject of advisory committees has been on IWVGA agendas for several months.

Proposals and discussion have occurred on several issues including:

- The working relationship between the advisory committees and the GA Board
- The working relationship between the advisory committees and a Contract Water Resources Manager (yet to be hired)
- What are the roles and responsibilities of the advisory committees?
- Who are the members and how are they chosen?

Please carefully review Article 5 Committees included in your packet. We will address the most pertinent sections of the Article 5. The Policy Advisory Committee is addressed in sections 5.5, 5.6, 5.7 5.9. Note that for the first time the TAC is addressed in Article 5.11, 5.12, and 5.13. If you have comments, please be prepared to make them constructive and concise.

Look forward to seeing you all tomorrow night!
